Mrs Kaczar was there last year playing awesome music. We went to Perry's Pizza and the pizza was delicious! Moving along.....for \$500 you can win a private party at BOONDOCKS! Yay that is cool! This is something new, which means if you collected \$500 dollars you will be the first people to go to a Boondocks Party. The top

PBIS Assembly

By: Sophia Otto

Kindergarteners have been reassured that they belong in Studio School by the loving fifth graders of the school. Hope Hernandez, one of the fifth graders who made a bracelet shared her assembly experience with us. "It was very fun and I was happy to make it because it made my kinder buddy happy. My kinder buddy is Gia." All the fifth graders loved this tradition. The entire Studio community enjoys this tradition.

Ms. Chandra!

By Sophia Otto

There are many new teachers at the school today. One of which is Ms. Chandra, the new kindergarten teacher. Here are her answers when we asked her about Studio students and the Studio School. "The students are very good at showing each other's strengths. I had heard great things about this school. The curriculum helps you learn." A huge thank you to Ms. Chandra for being an amazing new addition to our Studio community!

Meet Mrs. Weber

by: Nikyla Maynes

"I wanted to be a teacher because I had good teacher role models. I also loved learning and wanted to share that with others. What brought me to The Studio School was that I love this community, I love that The Studio School integrates art into education, and that the kids have the opportunity to express themselves and be creative. I can't wait to watch the students grow and succeed in their learning. My favorite hobbies are dancing, reading, dot to dots and throwing parties. My favorite foods are sushi and all vegetables. My favorite color is blue, any shade will do"

Ms. Katy Ceramics Teacher

Meet Ms. Katy

By Brianna Bauer and Nikyla Maynes "So far I love the Studio School I like how everyone is supportive and believes in art. So far I have not had a favorite project because I feel like we are just starting even though it's already October. I feel like I have only seen each group maybe two times this school year. I think it is going to be a great year! I feel like I need to get everything more organized. I am excited to do the mixed up animal project with fifth grade."
